State offices open at 10 a.m. on Feb. 22

Icy, snow-covered roads make driving hazardous

Due to winter storm conditions, State of Delaware offices in all three counties will open at 10 a.m. on Tuesday, February 22, 2011. Non-essential employees are to report at 10 a.m. All essential employees are to report to work as scheduled.

Precipitation is predicted to taper off by 7 a.m., but drivers should continue to use extreme caution until road crews have time to clear roadways.
